
Australian solar curtain wall manufacturer

Who makes Yuanda curtain walls?

The Yuanda Group of companies is one of the largest producers of facades and curtain walls globally. Since 2006, Yuanda's products have been used in 83 locations nationwide, including in some of Australia's most iconic buildings. Seven more locations are currently under construction and another two are in the design stage.

Who are Austech facades?

Founded in 2003, Austech Facades are indisputable leaders in the facade industry--in Australia and abroad. Austech Facades specialises in facade system design and installation of unitised curtain wall, high performance window wall and shopfront facades for multi-storey commercial and residential buildings.

What is a photovoltaic curtain wall?

They enhance thermal comfort and help prevent the greenhouse effect. A standard curtain wall offers no return on investment. In contrast, a photovoltaic curtain wall not only insulates the building but also generates power for over 30 years. This reduces monthly electricity bills and ultimately pays for itself over time.
