# Kampala Customized solar Tile Factory

What is solar energy used for in Uganda?

Solar energy is used to generate electricity, heat water, and provide lighting in Uganda. It can also be used to power homes, hospitals, schools, and businesses. Solar energy is an ideal choice for rural areas in Uganda where access to electricity is limited.

What is Tile Centre Limited?

Tile Centre Limited is one of the largest and leading suppliers of building materials in Uganda, established in 1990. We have a strong focus on providing high quality materials that surpass international standards and delivering them at local prices.

Who is modern tiles?

Modern Tiles is not just building in Uganda, we are building for Africa. Our cutting-edge technology and commitment to innovation position us as a leading brand across the continent. We are dedicated to providing exceptional quality tiles that meet the evolving needs of African design and construction.

Who inaugurated modern tiles in 2022?

In 2022, Modern Tiles was proudly inaugurated by His Excellency, President Yoweri Museveni. This momentous occasion marked not only the official opening of our state-of-the-art manufacturing facility, but also our unwavering commitment to shaping Uganda's future.
