
Payment for earthquake-resistant energy storage containers in Brasilia

CELA specializes in wind energy, solar energy, energy storage, and green hydrogen, working with its clients in the Energy Transition

The prospects for energy storage in the Brazilian market are promising, driven by several factors, including the rapid growth of renewable energy, the country's energy transition ...

Brazil's planned 2025 Capacity Reserve Auction (LRCAP) - intended to contract energy storage to meet electricity demand during ...

ANEEL opens the second phase of Public Consultation on energy storage regulation to shape Brazil's energy future.

PORTLAND, Ore.--February 18, 2025 -- Powin, a U.S.-based global energy storage integrator and UCB, a leading provider of ...

Brazil's planned 2025 Capacity Reserve Auction (LRCAP) - intended to contract energy storage to meet electricity demand during peak hours by evening out the supply of ...

PORTLAND, Ore.--February 18, 2025 -- Powin, a U.S.-based global energy storage integrator and UCB, a leading provider of energy storage solutions in Brazil, have ...

A roundup of the biggest projects, financing and offtake deals in the energy storage sector that we have reported on this year. It's been a positive year for energy storage in 2023, with new ...

While Brazil wastes billions of real on curtailment, the electricity sector is demanding urgent action on an energy storage ...

Brazil is set to conduct the country's first-ever energy storage auction for adding batteries and storage systems to the national power grid.

Lower battery prices and increases to intermittent power generation could boost battery energy storage systems (BESS) in Brazil, reaching roughly 7.2GW of installed capacity by 2040 or ...

Why Brasilia Needs Advanced Energy Storage As Brazil's capital grapples with rising electricity demand and intermittent renewable energy supply, innovative storage solutions have become ...
