
Senegal Supercapacitor Energy Storage Company

Does Senegal have a battery energy storage project?

The national electric utility of Senegal, Senelec, has signed a 20-year CCA with Infinity Power for a battery energy storage project.

Where is a Bess project being built in Senegal?

The BESS is to be built at the Tobane substation in Thies, Senegal. It will be operated by Infinity Power's 158.7 MW wind farm in Senegal, Parc Eolien Taiba N'Diaye (PETN)

How will Senelec save the grid?

The BESS will support Senelec in reducing its dependence on reserve capacity derived from thermal plants, with Senelec estimating that the BESS will save the grid an estimated \$165 million over its operating life.

Who owns Masdar energy?

Masdar also owns UK developer Masdar Arlington Energy. Construction on the BESS will start in early 2024 and is expected to be completed and operational in 2025, and will be among the largest such projects in West Africa. It will provide ancillary services like frequency regulation, reactive power and energy charging and discharging.
