
Solar panels have brands

What is the difference between a solar panel brand and a company?

Before we dive into the top brands, it's important to understand the difference between a solar panel brand and a solar company: **Solar Panel Brand:** These are manufacturers that design and produce solar panels (e.g., Maxison, Canadian Solar, JinkoSolar). **Solar Company:** These businesses sell, install, and maintain solar systems.

Where can I buy solar panels?

Solar Company: These businesses sell, install, and maintain solar systems. They may offer panels from multiple brands (e.g., ION Solar, Sunrun). While you can't typically buy panels directly from a manufacturer, many brands partner with installers and distributors nationwide to make their products available.

What is the best solar panel brand in 2025?

With so many options on the market, choosing the top solar panel brand in 2025 comes down to understanding your specific needs and goals. For those seeking peak efficiency and longevity, SunPower and LG Solar are industry leaders. If affordability is your priority, JinkoSolar, Canadian Solar, and LONGi offer excellent choices.
