Is there a solar market in Zambia?

Yes, the Zambian solar market is growing. Although it is still relatively small compared to countries like Tanzania, there is much room for solar to grow due to the increasing electricity demand in Zambia. Currently, 95% of the electricity supply comes from hydropower, with less than 1% from other renewable sources.

Will new solar companies emerge in Zambia?

Given the growing demand and government initiatives, it is very likely that new solar companies will arise in Zambia. The government aims to develop 600MW on-grid solar projects in the coming 2-3 years, with the GET FiT program supported by the German Development Bank.
